

Bishopslea Preparatory School For Girls

16th February 2012

Dear Parents

Half Term is here already. School ends today after the Inter-House Cross Country and will re-open on Tuesday.

We wish everyone a safe and happy weekend.

The school was very colourful yesterday with pupils wearing items of orange in support of the Kidscan Orange Day and of Children's Cancer. Pupils who are Brownies or Girl Guides also wore their uniform in remembrance of Lord Baden Powell who was founder of the Cubs, Scouts, Brownies and Girl Guides.

In view of the current water safety concerns we have had the water from both our boreholes tested. There were no Coliform or E Coli present and the TCV was 200, which is well below the 1000 000 c.f.u./ml limit. All other results were well within WHO guideline as well. The water from both boreholes were declared safe for human consumption.

School Fees

Please would parents who opted for split school fee payments please be reminded that the balance was due today. Reminder statements have gone home with pupils.

Pupils Medication

Please would parents, who send medication to school with pupils, put the medication in an envelope with written instructions on dosage and timing. All medications go to our hostel Sick Bay Matron for dispensing.

Cross Country

Please note as from Half Term, afternoon Cross Country ends for all pupils except Cross Country team members.

Yours sincerely

R J Crook
